

Spin

Feel the Music!

USB MIDI & AUDIO CONTROLLER

INTRODUCTION

Spin is an all-in-one bundle of digital DJ hardware and software, offering total control to mix, scratch, and play music as a DJ would right at your fingertips.

The included software, djay seamlessly integrates with your iTunes library and transforms your Mac into a full-blown DJ system.

Whether for the beginner or seasoned pros alike, plug Spin into your Mac and you become a DJ.

FEATURES

- * Spin allows you to experience creativity and enjoyment of DJing
- * Easy-to-use interface that directly controls the music via software, djay (included)
- * All main features of a mixer and turntable can be found on the Spin
- * Cue up your track or mix via the headphone output
- * Blend your voice into the mix through the microphone input (microphone included)
- * Seamless iTunes integration through software djay, allowing easy to mix, beat match, loops to effects for creating your perfect mixtape

Be your own DJ with iTunes
Spin and dJAY lets you easily mix all your favorite songs from iTunes. Simply drag and drop, and get creative with your own

automix
Automix your party
One click - hours of fun.
Sit back and let Spin/dJAY mix your favorite iTunes playlists with seamless DJ-style transitions.

Record your mixes
Save your mix - for your latest podcast, movie or photo slide show, or to make a classic "mixtape", it's as easy as a push of a button (REC).

MIC section
